Gulf Coast Environmental Affairs Group Members:

EPA Enforcement is on the rise, let's take a look at what is trending in Environmental Law. Join GCEAG for an update on the Range Resources litigation and several related cases, including a US Supreme Court case likely to be decided in the Spring (CWA/NPDES permits.)

Nov 15th has come and gone and it appears there is more confusion than ever regarding SEMS. Are we doing enough? What are other companies out there doing to comply?
